

The Institute of Chartered Accountants in England and Wales (ICAEW) invites you to an event entitled:

Managing Risk in a Digital World

which will take place on **Tuesday, 13 October 2015 at 5pm**
at the Hilton Hotel, Nicosia

Speakers:

Marios Demetriades, Minister of Transport, Communications and Works
Constantinos Ellinas, Enterprise Risk Services Director, Deloitte Cyprus
Kirstin Gillon, ICAEW Technical Manager, IT Faculty
Neophytos Papadopoulos, Director of the Office of the Commissioner of Electronic Communications and Postal Regulation
Bert Pijls, Hellenic Bank CEO

The move to digital technology presents businesses with both risks and opportunities. As businesses increasingly rely on technology and digital information for their operations, cyber security risks have gone up the board agenda. Businesses need to improve their cyber security practices and resilience to be successful in this environment. At the same time, new capabilities in data analytics also present opportunities to manage traditional risks more effectively, through greater automation, prediction and risk identification. This presentation will highlight key technology trends and business practices, and consider how businesses can apply them to improve their management of risk in a digital world. This event takes place with the kind sponsorship of Deloitte Cyprus. Event coordinator: Panicos Papamichael, ERS leader, Partner Deloitte
