

The Institute of Chartered Accountants in England and Wales (ICAEW) and
the Institute of Certified Public Accountants of Cyprus (ICPAC)
with pleasure invites you to an event entitled:

The data challenge: implementing IFRS 9 and future developments in financial services

which will take place on **Monday, 20 April 2015 at 5pm**
at St Raphael Hotel, Limassol
and
on Tuesday, 21 April 2015 at 5pm at Cleopatra Hotel, Nicosia

Speaker: Philippa Kelly, ICAEW Technical Manager, Financial Services Faculty*

In collaboration with the ICPAC Financial Services Committee, this event will consider the financial services agenda in 2015 and beyond.

ICAEW Financial Services Faculty's Philippa Kelly will focus on practical implementation considerations for IFRS 9 impairment and surrounding issues as well as an overview of ICAEW Financial Services Faculty's current projects and areas of focus.

This includes risk-weighted assets and bank capital, individual accountability in financial services and working with financial services regulators as well as considering future developments in banking and the change the industry is currently undergoing.

Programme for the evening:

17:00 - Registration

17:30 - Presentation

18:30 - Q&A

19:00 - Networking cocktail

This event corresponds to 2 CPD units.

Please RSVP by completing and submitting the attached registration form at europa@icaew.com and at events@icpac.org.cy no later than 15/4/2015, indicating clearly which venue you will attend.

* Philippa is Manager, Financial Services Assurance in the Financial Services Faculty at ICAEW (Institute of Chartered Accountants of England and Wales). Her current work includes developing a consultation on assurance on risk-weighted assets and bank capital ratios and the faculty's Audit Insights publications. She was also responsible for the development of the faculty's guidance Assurance Reports on Benchmarks and Indices which began in response to the LIBOR scandal and has attracted attention from IOSCO and other international bodies and is being expanded to meet the demand for assurance across a wider range of benchmarks and indices.

Within the Faculty she is responsible for leading policy representations on assurance issues both domestically and internationally as well as helping the team to develop leading edge thinking on important technical issues and preparing high quality technical and practical information for ICAEW members.

Philippa joined ICAEW in 2012 following five years with PwC in the assurance practice, working in both the UK and Australia. Philippa is a qualified Chartered Accountant and gained her law degree from the University of Sussex.
