## Introduction

ICPAC is the competent Supervisory Authority for the purposes of the Prevention and Suppression of Money Laundering Activities Law, for the professional activities of auditors, external accountants, tax advisors and providers of administrative services.

Based on the above, and in line with the Institute's risk assessment process, each licensed firm is required under paragraph 6(5) of Chapter 4.600 of ICPAC's Members Handbook, to submit information in relation to the nature of services provided, type of clients and policies and procedures followed to prevent money laundering and terrorist financing as requested in the Questionnaire.

Based on paragraph 3.2.1(j) of ICPAC's AML/CFT Directive, this Questionnaire should be completed by the Compliance Officers of all firms that hold the below types of practising certificates from ICPAC for their provided services, i.e. General, Audit and Administration Services. The term 'firm' includes the following:

- Licensed Limited Liability Companies,
- Licensed Partnerships,
- Licensed sole practitioners (self-employed)

The requirement to complete and submit the Questionnaire relates to all licensed firms, irrespective of whether they were practising in their professional capacity or they were dormant in the effective year and irrespective of whether they belong in a group of companies, which is also required to submit the Questionnaire.

## Purpose

This document aims at facilitating the Compliance Officers to complete and submit the Questionnaire, by providing basic guidelines for this purpose.

A glossary/definitions/reference section has been added for easy reference.

## Questionnaire

All practising firms are obligated to submit the Questionnaire to ICPAC on an annual basis.

**The Questionnaire is part of the Institute's risk-based assessment tool** for off-site surveillance/ monitoring which is used to assess the risk of each licensed member. The results of the questionnaire are used to risk categorise the licensed firms, which is one of the criteria used to evaluate the frequency of the monitoring visits.

The Questionnaire can be accessed through the [ICPAC REGTEK PORTAL](#). Further details on how to access and navigate through the ICPAC REGTEK PORTAL can be obtained through the following [link](#). The questionnaire must be completed and

submitted within the deadline. Failure to submit the Questionnaire on time will prevent ICPAC from meeting its compliance requirements and will therefore, inevitably give rise to enforcement actions against the firm.

The Questionnaire is available **only** in the English language **and only** in electronic format and covers the reporting period ending **31<sup>st</sup> December 2022**.

The "Summary Validations report" section is a new section of the Questionnaire that contains a comprehensive list of validations that require attention. This list includes information on incomplete or incorrectly completed fields or on any validations that have not been satisfied or have been inaccurately addressed. By clicking on each validation error, you will be directed to the specific question that needs further attention. It is important to note that the **Questionnaire cannot be submitted until all validations are resolved and all fields are properly completed.**
